Proceedings (Animal Sciences)

Volume 94, 1985

SUBJECT INDEX

Acclimation
Transpiration rates and acclimation to water and temperature of the tropical woodlice, *Porcellionides pruinosus* Brandt and *Porcellio laevis* Latreille 469
Acid phosphatase
Effect of starvation on acid phosphatase activity in *Gastrothylax crumenifer* 21
Some biochemical changes in the reproductive cycle of a hill stream teleost *Puntius chilinoides* (McClelland) 67
Acridids
Physico-chemical factors in the acridid feeding behaviour (Orthoptera: Acrididae) 283
Activity-time budget
Activity-time budget in blackbuck 57
Adaptive radiation
Behavioural analysis of feeding and breeding in Orthopteran insects 265
Adrenal gland
Irradiation effects on the adrenal gland of rats undergoing inanition stress 79
Effect of two graded doses of x-irradiation on the rat adrenal gland and its protection by S-phenetyl formamidino 4(N-ethyl isothioamide) morpholine dihydrochloride 523
Adrenals
Biochemical correlates of agonistic behaviour in *Bandicota bengalensis*: Hepatic cholesterol and ascorbic acid 123
Air-breathing fishes
Functional morphology of air-breathing fishes: A review 359
Alkaline phosphatase
Some biochemical changes in the reproductive cycle of a hill stream teleost *Puntius chilinoides* (McClelland) 67
Allochthonous feeder
Fecundity of the allochthonous feeder, *Rasbora daniconius* (Ham.) and of the autochthonous feeder, *Puntius amphibius* (Val.) 481
Altruism
Evolution of insect sociality—A review of some attempts to test modern theories 309
On the communication of well-being 575
Amitermes belli
Wing microsculpturing in the termite genus *Amitermes* (Termitidae, Amitermitinae) 517
Amitermitinae
Wing microsculpturing in the termite genus *Amitermes* (Termitidae, Amitermitinae) 517
Amphibian
Tradeoffs in the evolution of frog calls 623
Amphibians
Recent advances in animal behaviour 173
Anadara
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383
Analysis
An analysis of the superparasitic behaviour and host discrimination of chalcid wasps (Hymenoptera: Chalcidoidea) 325
Androgenic gland
Seasonal variations and the role of neurosecretory hormones on the androgenic gland of the prawn *Macrobrachium lamerrii* 503
Androgen treatment
Effect of castration and androgen treatment on the androgen dependent parameters in the accessory glands of the slender loris, *Loris tardigradus lydekkerianus* (Cabra) 427
Anuran
Tradeoffs in the evolution of frog calls 623
Aphis gossypii
Behavioural response (feeding preference and dispersal posture) of *Aphis gossypii* Glover on brinjal crop 295
Aphrodisiacs
Recent advances in animal behaviour 173
Applied zoology
Recent advances in animal behaviour 173
Arachis oil
Bait preferences of rodents in their natural habitat 117
Ascorbic acid
Biochemical correlates of agonistic behaviour in *Bandicota bengalensis*: Hepatic cholesterol and ascorbic acid 123
Autochthonous feeder
Fecundity of the allochthonous feeder, *Rasbora daniconius* (Ham.) and of the autochthonous feeder, *Puntius amphibius* (Val.) 481

Bait
Bait preferences of rodents in their natural habitat 117

Bandicota bengalensis
Biochemical correlates of agonistic behaviour in *Bandicota bengalensis*: Hepatic cholesterol and ascorbic acid 123
Bats
Communication and synchronization of circadian rhythms in insectivorous bats 655
Behavioural analysis
Behavioural analysis of feeding and breeding in Lamellicorn beetles 303
Behavioural energetics
Behavioural energetics of some insects 219
Behavioural strategies
Behavioural strategies of emergence, swarming, mating and oviposition in mayflies 351
Behaviour
Behavioural analysis of feeding and reproduction in haematophagous insects 225
Functional morphology of air-breathing fishes: A review 359
Bellamya bengalensis
Effects of starvation on respiration and major nutrient stores of the prosobranch snail *Bellamya bengalensis* (Lamarck) 99
Biochemical changes
Some biochemical changes in the reproductive cycle of a hill stream teleost *Puntius chilinoides* (McClelland) 67
Biochemical constituents
Changes in some biochemical constituents of the fiddler crabs *Uca annulipes* Latreille and *U. triangularis* (Milne Edwards) in response to eyestalk removal 475
Bivalve molluscs
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383
Bivoltine
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413
Alkaline protease in the midgut of the silkworm *Bombyx mori* L: changes during metamorphosis 567
Blackbuck
Activity-time budget in blackbuck 57
Blinding
Extraretinal photoreception involved in photoperiodic effects on gonadal activity in the Indian murrel, *Channa* (*Ophiocephalus*) *punctatus* (Bloch) 153
Bombyx mori
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413
Alkaline protease in the midgut of the silkworm *Bombyx mori* L: changes during metamorphosis 567
Brain extract
Seasonal variations and the role of neurosecretory hormones on the androgenic gland of the prawn *Macrobrachium lamerrii* 503
Brinjal
Behavioural response (feeding preference and dispersal posture) of *Aphis gossypii* Glover on brinjal crop 295
Brodifacoum
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Bromadiolone
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Bursicon
Hormonal rhythm and behavioural trends in insects 207

Call
Tradeoffs in the evolution of frog calls 623
Calling hormone
Hormonal rhythm and behavioural trends in insects 207
Canarium euphyllum Kurz
Community and succession of the round-head borers (Coleoptera: Cerambycidae) infesting the felled logs of White Dhup, *Canarium euphyllum* Kurz 435
Castration
Effect of castration and androgen treatment on the androgen dependent parameters in the accessory glands of the slender loris, *Loris tardigradus lydekkerianus* (Cabra) 427
Cellular slime mold
The evolution of communication and social behaviour in *Dictyostelium discoideum* 639
Cerambycidae
Community and succession of the round-head borers (Coleoptera: Cerambycidae) infesting the felled logs of White Dhup, *Canarium euphyllum* Kurz 435
Cestoda
Observations on the histology and histochemistry of *Penetrocephalus* plerocercoid (Pseudophyllidea: Cestoda) 11
Chalcids
Analysis of the superparasitic behaviour and host discrimination of chalcid wasps (Hymenoptera: Chalcidoidea) 325
Channa punctatus
Effect of carbaryl on esterases in the air-breathing fish *Channa punctatus* (Bloch) 73
Extraretinal photoreception involved in photoperiodic effects on gonadal activity in the Indian murrel, *Channa* (*Ophiocephalus*) *punctatus* (Bloch) 153

Characterization
Effect of carbaryl on esterases in the air-breathing fish *Channa punctatus* (Bloch) 73
Chemical composition
Influence of food plants on the food utilization and chemical composition of *Henosepilachna septima* (Coleoptera: coccinellidae) 161

Chemical signals
Recent advances in animal behaviour 173
Cholesterol
Some biochemical changes in the reproductive cycle of hill stream teleost *Puntius chilinoides* (McClelland) 67
Biochemical correlates of agonistic behaviour in *Bandicota bengalensis*: Hepatic cholesterol and ascorbic acid 123
Chorion
Ultrastructure of the eggs of Reduviidae: I. Eggs of Piratinae (Insecta-Heteroptera) 533
Circadian rhythm
The *Drosophila* circadian clock 187
Circadian rhythms
Communication and synchronization of circadian rhythms in insectivorous bats 655
Cirrus
Male reproductive system of some digenetic trematodes 145
Cirrus sac
Male reproductive system of some digenetic trematodes 145
Cockroach
Electrical stimulation—Effects on the protein in the ventral nerve cord of cockroach, *Periplaneta americana* 407
Communication
The evolution of communication and social behaviour in *Dictyostelium discoideum* 639
Tradeoffs in the evolution of frog calls 623
Communication and synchronization of circadian rhythms in insectivorous bats 655
Community and ecological succession
Community and succession of the round-head borers (Coleoptera: Cerambycidae) infesting the felled logs of White Dhup, *Canarium euphyllum* Kurz 435
Communication signals
Recent advances in animal behaviour 173
Corcyra cephalonica
A behavioural assessment of the impact of some environmental and physiological factors on the reproductive potential of *Corcyra cephalonica* (Stainton) (Lepidoptera: Pyralidae) 249

Corpora allata
Development, endocrine organs and moulting in the embryos of *Dysdercus cingulatus* Fabr (Heteroptera: Pyrrhocoridae) 489
Corpora cardiaca
Development, endocrine organs and moulting in the embryos of *Dysdercus cingulatus* Fabr (Heteroptera: Pyrrhocoridae) 489
Crassostrea
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383

Crop fields
Bait preferences of rodents in their natural habitat 117

Crystalline style
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383

Cyprinids
Bionomics of hill-stream cyprinids. I. Food, parasites and length-weight relationship of *Labeo dyocheilus* (McClell)* 377

Degree of preference
Behavioural responses in terms of feeding and reproduction in some grasshoppers (Orthoptera: Insecta) 443
Density
Distribution of earthworms in Madras 557
Deterrent
Physico-chemical factors in the acridid feeding behaviour (Orthoptera: Acrididae) 283
Diapause
Hormonal rhythm and behavioural trends in insects 207
Diaphanosoma senegal
Laboratory culture of *Diaphanosoma senegal* Gauthier, (Crustacea, Cladocera) from south India 87
Digenea
Topography of nervous system in two pouched paramphistomes 129
Distillery effluent
Influence of distillery effluent on growth and metamorphosis of *Rana malabarica* (Bibron) 111
Distribution
Distribution of earthworms in Madras 557
DNA
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413
Donax
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383
Drosophila
The *Drosophila* circadian clock 187

Dysdercus cingulatus
Endocrine influence on protein synthesis in the fatbodies of female red cotton bug, *Dysdercus cingulatus* Fabr 1
Development, endocrine organs and moulting in the embryos of *Dysdercus cingulatus* Fabr (Heteroptera: Pyrrhocoridae) 489

Eavesdropping
On the communication of well-being 575
Eclosion
Hormonal rhythm and behavioural trends in insects 207
Egg
Ultrastructure of the eggs of Reduviidae: I. Eggs of Piratinae (Insecta-Heteroptera) 533
Egg development
Studies on mating, spawning and development of egg in *Macrobrachium nobilii* (Henderson and Mathai) 421
Egg viability
A behavioural assessment of the impact of some environmental and physiological factors on the reproductive potential of *Corcyra cephalonica* (Stainton) (Lepidoptera: Pyralidae) 249
Electrical stimulation
Electrical stimulation—Effects on the protein in the ventral nerve cord of cockroach, *Periplaneta americana* 407
Embryonic moulting
Development, endocrine organs and moulting in the embryos of *Dysdercus cingulatus* Fabr (Heteroptera: Pyrrhocoridae) 489
Emergence
Behavioural strategies of emergence, swarming, mating and oviposition in mayflies 351
Endocrines
Hormonal rhythm and behavioural trends in insects 207
Environmental factors
A behavioural assessment of the impact of some environmental and physiological factors on the reproductive potential of *Corcyra cephalonica* (Stainton) (Lepidoptera: Pyrralidae) 249
Esterases
Effect of carbaryl on esterases in the air-breathing fish *Channa punctatus* (Bloch) 73
Ethogram
Behavioural analysis of feeding and breeding in Orthopteran insects 265
Ethological analysis of drug action
Recent advances in animal behaviour 173
Ethology
Recent advances in animal behaviour 173
Behavioural analysis of feeding and breeding in Orthopteran insects 265
Evolution
The evolution of communication and social behaviour in *Dictyostelium discoideum* 639
Tradeoffs in the evolution of frog calls 623
Evolution of social behaviour
Kin recognition in animals—a review of recent findings and a consideration of their relevance for the theory of kin selection 587
Extrapineal
Extraretinal photoreception involved in photoperiodic effects on gonadal activity in the Indian murrel, *Channa (Ophiocephalus) punctatus* (Bloch) 153
Extraretinal
Extraretinal photoreception involved in photoperiodic effects on gonadal activity in the Indian murrel, *Channa (Ophiocephalus) punctatus* (Bloch) 153
Eyestalk ablation
Changes in some biochemical constituents of the fiddler crabs *Uca annulipes* Latreille and *U. triangularis* (Milne Edwards) in response to eyestalk removal 475
Seasonal variations and the role of neurosecretory hormones on the androgenic gland of the prawn *Macrobrachium lamerrii* 503
Eyestalk extract
Seasonal variations and the role of neurosecretory hormones on the androgenic gland of the prawn *Macrobrachium lamerrii* 503

Fatbody
Endocrine influence on protein synthesis in the fatbodies of female red cotton bug, *Dysdercus cingulatus* Fabr 1
Fecundity
Behavioural responses in terms of feeding and reproduction in some grasshoppers (Orthoptera: Insecta) 443
Fecundity of the allochthonous feeder, *Rasbora daniconius* (Ham.) and of the autochthonous feeder, *Puntius amphibius* (Val.) 481
Feeding
Behavioural analysis of feeding and reproduction in haematophagous insects 225
Feeding and breeding behaviour
Behavioural analysis of feeding and breeding in Lamellicorn beetles 303
Feeding behaviour
Feeding and ovipositional behaviour in some reduviids (Insecta-Heteroptera) 239
Fibroin
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413

Fiddler crabs
Changes in some biochemical constituents of the fiddler crabs *Uca annulipes* Latreille and *U. triangularis* (Milne Edwards) in response to eye-stalk removal 475
Fischoederius elongatus
Topography of nervous system in two pouched paramphistomes 129
Flehmen response
Recent advances in animal behaviour 173
Food plant chemicals
Role of behavioural studies in the development of management strategies for forest insect pests 341
Food plants
Influence of food plants on the food utilization and chemical composition of *Henosepilachna septima* (Coleoptera: coccinellidae) 161
Food utilization
Influence of food plants on the food utilization and chemical composition of *Henosepilachna septima* (Coleoptera: coccinellidae) 161
Host selection and food utilization of the red pumpkin beetle *Raphidopalpa foveicollis* (Lucas) (Chrysomelidae: Coleoptera) 547
Foraging behaviour
Behavioural energetics of some insects 219
Forest pest management
Role of behavioural studies in the development of management strategies for forest insect pests 341
Frog
Tradeoffs in the evolution of frog calls 623

Gastrothylax crumenifer
Effect of starvation on acid phosphatase activity in *Gastrothylax crumenifer* 21
Topography of nervous system in two pouched paramphistomes 129
Genetic relatedness
Kin recognition in animals—a review of recent findings and a consideration of their relevance for the theory of kin selection 587
Gluconeogenesis
Effect of hypoxia on tissue metabolism of midgut gland of the scorpion *Heterometrus fulvipes* 139
Gonadal response
Extraretinal photoreception involved in photoperiodic effects on gonadal activity in the Indian murrel, *Channa* (*Ophiocephalus*) *punctatus* (Bloch) 153
Grasshoppers
Behavioural responses in terms of feeding and reproduction in some grasshoppers (Orthoptera: Insecta) 443
Groundnut
Bait preferences of rodents in their natural habitat 117
Growth
Laboratory culture of *Diaphanosoma senegal* Gauthier, (Crustacea, Cladocera) from south India 87
Influence of distillery effluent on growth and metamorphosis of *Rana malabarica* (Bibron) 111

Haematophagous insects
Behavioural analysis of feeding and reproduction in haematophagous insects 225
Haematozoa
Four new species of trypanoplasms from the fresh water fishes of the genus *Mystus* in Maharashtra 25
Haemoflagellates
Four new species of trypanoplasms from the fresh water fishes of the genus *Mystus* in Maharashtra 25
Hatching
Hormonal rhythm and behavioural trends in insects 207
Studies on the induced spawning and larval rearing of a freshwater catfish, *Mystus punctatus* (Jerdon) 389
Heliothis armigera (Hubner)
Investigations on *Heliothis armigera* (Hubner) in Marathwada XXVIII. Key mortality factors in regular and overlapping generations on pigeonpea 463
Heliothis spp.
Mermithid nematodes as parasites of *Heliothis* spp. and other crop pests in Andhra Pradesh, India 509
Hematology
Functional morphology of air-breathing fishes: A review 359
Henosepilachna septima
Influence of food plants on the food utilization and chemical composition of *Henosepilachna septima* (Coleoptera: coccinellidae) 161
Heterometrus fulvipes
Effect of hypoxia on tissue metabolism of midgut gland of the scorpion *Heterometrus fulvipes* 139
Hexamermis spp
Mermithid nematodes as parasites of *Heliothis* spp. and other crop pests in Andhra Pradesh, India 509
High-energy foragers
Behavioural energetics of some insects 219
Histochemistry
Observations on the histology and histochemistry of *Penetrocephalus* plerocercoid (Pseudophyllidea: Cestoda) 11
Functional morphology of air-breathing fishes: A review 359

Histology
Observations on the histology and histochemistry of *Penetrocephalus plerocercoid* (Pseudophyllidea: Cestoda) 11
Histophysiology
Recent advances in animal behaviour 173
Hormonal control
Recent advances in animal behaviour 173
Host discrimination
An analysis of the superparasitic behaviour and host discrimination of chalcid wasps (Hymenoptera: Chalcidoidea) 325
Host plants
Larval and post-larval development of *Spodoptera litura* (Fabricius) on some host plants 49
Host selection
Host selection and food utilization of the red pumpkin beetle, *Raphidopalpa foveicollis* (Lucas) (Chrysomelidae: Coleoptera) 547
Hyblaea puera
Role of behavioural studies in the development of management strategies for forest insect pests 341
Hybrid
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413
Hypoglycemia
Changes in some biochemical constituents of the fiddler crabs *Uca annulipes* Latreille and *U. triangularis* (Milne Edwards) in response to eyestalk removal 475
Hypoxia
Effect of hypoxia on tissue metabolism of midgut gland of the scorpion *Heterometrus fulvipes* 139

Inanition stress
Irradiation effects on the adrenal gland of rats undergoing inanition stress 79
Inbreeding
Kin recognition in animals—a review of recent findings and a consideration of their relevance for the theory of kin selection 587
Induced breeding
Studies on the induced spawning and larval rearing of a freshwater catfish, *Mystus punctatus* (Jerdon) 389
Information and manipulations
On the communication of well-being 575
Insect behaviour
Hormones in insect behaviour 197
Role of behavioural studies in the development of management strategies for forest insect pests 341
Insect hormones
Hormones in insect behaviour 197
Insect reproduction
Hormones in insect behaviour 197
Irradiation
Irradiation effects on the adrenal gland of rats undergoing inanition stress 79
Isoenzymes
Effects of DDT and malathion on tissue succinic dehydrogenase activity (SDH) and lactic dehydrogenase isoenzymes (LDH) of *Sarotherodon mossambicus* (Peters) 527
Isopods
Transpiration rates and acclimation to water and temperature of the tropical woodlice, *Porcellionides pruinosus* Brandt and *Porcellio laevis* Latreille 469
Isoptera
Wing microsculpturing in the Brazilian termite family Serritermitidae (*Serritermes serrifer*, Isoptera), and its bearing on phylogeny 399
Wing microsculpturing in the termite genus *Amitermes* (Termitidae, Amitermitinae) 517

Juvenile hormone
Endocrine influence on protein synthesis in the fatbodies of female red cotton bug, *Dysdercus cingulatus* Fabr 1

Katelysia
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383
Key mortality factors
Investigations on *Heliothis armigera* (Hubner) in Marathwada XXVIII. Key mortality factors in regular and overlapping generations on pigeonpea 463
Kin recognition
Kin recognition in animals—a review of recent findings and a consideration of their relevance for the theory of kin selection 587
Kin selection
Evolution of insect sociality—A review of some attempts to test modern theories 309
Kin recognition in animals—a review of recent findings and a consideration of their relevance for the theory of kin selection 587
Kinship discrimination
On the communication of well-being 573

Labeo dyocheilus
Bionomics of hill-stream cyprinids. I. Food, parasites and length weight relationship of *Labeo dyocheilus* (McClell) 377
Lamellicorn beetles
Behavioural analysis of feeding and breeding in Lamellicorn beetles 303
Larval development
Larval and post-larval development of *Spodoptera litura* (Fabricius) on some host plants 49
Studies on the induced spawning and larval rearing of a freshwater catfish, *Mystus punctatus* (Jerdon) 389

Lateroangular sigmoid dispersal contour
Behavioural response (feeding preference and dispersal posture) of *Aphis gossypii* Glover on brinjal crop 295
Lentil
Bait preferences of rodents in their natural habitat 117
Liver
Effect of carbaryl on esterases in the air-breathing fish *Channa punctatus* (Bloch) 73
Biochemical correlates of agonistic behaviour in *Bandicota bengalensis*: Hepatic cholesterol and ascorbic acid 123
L. mauritii
Distribution of earthworms in Madras 557
Loris tardigradus lydekkerianus
Effect of castration and androgen treatment on the androgen dependent parameters in the accessory glands of the slender loris, *Loris tardigradus lydekkerianus* (Cabra) 427

Macrobrachium lamerrii
Seasonal variations and the role of neurosecretory hormones on the androgenic gland of the prawn *Macrobrachium lamerrii* 503
Macrobrachium nobilii
Studies on mating, spawning and development of egg in *Macrobrachium nobilii* (Henderson and Mathai) 421
Mating
A behavioural assessment of the impact of some environmental and physiological factors on the reproductive potential of *Corcyra cephalonica* (Stainton) (Lepidoptera: Pyralidae) 249
Behavioural strategies of emergence, swarming, mating and oviposition in mayflies 351
Studies on mating, spawning and development of egg in *Macrobrachium nobilii* (Henderson and Mathai) 421
Matured tissue preference
Behavioural response (feeding preference and dispersal posture) of *Aphis gossypii* Glover on brinjal crop 295
Mayflies
Behavioural strategies of emergence, swarming, mating and oviposition in mayflies 351
M. booduga
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Meretrix
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383
Mermithids
Mermithid nematodes as parasites of *Heliothis* spp. and other crop pests in Andhra Pradesh, India 509
Metabolic effects
Changes in some biochemical constituents of the fiddler crabs *Uca annulipes* Latreille and *U. triangularis* (Milne Edwards) in response to eyestalk removal 475
Metabolic rate
Effects of starvation on respiration and major nutrient stores of the prosobranch snail *Bellamya bengalensis* (Lamarck) 99
Metamorphosis
Influence of distillery effluent on growth and metamorphosis of *Rana malabarica* (Bibron) 111
Studies on the induced spawning and larval rearing of a freshwater catfish, *Mystus punctatus* (Jerdon) 389
Alkaline protease in the midgut of the silkworm *Bombyx mori* L: changes during metamorphosis 567
Methodology
Behavioural analysis of feeding and breeding in Orthopteran insects 265
Microdisc polyacrylamide gel electrophoresis
Electrical stimulation—Effects on the protein in the ventral nerve cord of cockroach, *Periplaneta americana* 407
Midgut gland
Effect of hypoxia on tissue metabolism of midgut gland of the scorpion *Heterometrus fulvipes* 139
Midgut protease
Alkaline protease in the midgut of the silkworm *Bombyx mori* L: changes during metamorphosis 567
Migration
Hormones in insect behaviour 197
Millet
Bait preferences of rodents in their natural habitat 117
Morphology
Functional morphology of air-breathing fishes: A review 359
Morphometrics
Functional morphology of air-breathing fishes: A review 359
Mortality
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Moth borers
Application of sex pheromones in sugarcane pest management 333
Moulting
Hormonal rhythm and behavioural trends in insects 207
Multivoltine
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413

Multivoltine
Alkaline protease in the midgut of the silkworm *Bombyx mori* L.: changes during metamorphosis 567
Muscle
Effect of carbaryl on esterases in the air-breathing fish *Channa punctatus* (Bloch) 73
Mutualism
Evolution of insect sociality—review of some attempts to test modern theories 309
Mystus punctatus
Studies on the induced spawning and larval rearing of a freshwater catfish, *Mystus punctatus* (Jerdon) 389

Nervous system
Topography of nervous system in two pouched paramphistomes 129
Neurophysiological activity
Hormones in insect behaviour 197
Neurosecretory cells
Endocrine influence on protein synthesis in the fatbodies of female red cotton bug, *Dysdercus cingulatus* Fabr 1
Development, endocrine organs and moulting in the embryos of *Dysdercus cingulatus* Fabr (Heteroptera: Pyrrhocoridae) 489
Nilaparvata lugens
Mechanism of resistance in rice varieties showing differential reaction to brown planthopper 37
No-choice tests
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Nutrient stores
Effects of starvation on respiration and major nutrient stores of the prosobranch snail *Bellamya bengalensis* (Lamarck) 99

Olfactory cues
Recent advances in animal behaviour 173
Operculum
Ultrastructure of the eggs of Reduviidae: I. Eggs of Piratinae (Insecta-Heteroptera) 533
Organochlorine
Effects of DDT and malathion on tissues succinic dehydrogenase activity (SDH) and lactic dehydrogenase isoenzymes (LDH) of *Sarotherodon mossambicus* (Peters) 527
Organophosphorous
Effects of DDT and malathion on tissue succinic dehydrogenase activity (SDH) and lactic dehydrogenase isoenzymes (LDH) of *Sarotherodon mossambicus* (Peters) 527
O. serrata
Distribution of earthworms in Madras 557

Osmetrichia
Recent advances in animal behaviour 173
Overlapping of species
Community and succession of the round-head borers (Coleoptera: Cerambycidae) infesting the felled logs of White Dhup, *Canarium euphyllum* Kurz 435
Ovipositional behaviour
Feeding and ovipositional behaviour in some reduviids (Insecta-Heteroptera) 239
Oviposition
A behavioural assessment of the impact of some environmental and physiological factors on the reproductive potential of *Corcyra cephalonica* (Stainton) (Lepidoptera: Pyralidae) 249
Behavioural strategies of emergence, swarming, mating and oviposition in mayflies 351
Ovomermis albicans
Mermithid nematodes as parasites of *Heliothis* spp. and other crop pests in Andhra Pradesh, India 509
Oxidative metabolism
Effects of DDT and malathion on tissue succinic dehydrogenase activity (SDH) and lactic dehydrogenase isoenzymes (LDH) of *Sarotherodon mossambicus* (Peters) 527

Palpation
Physico-chemical factors in the acridid feeding behaviour (Orthoptera: Acrididae) 283
Paramphistome
Topography of nervous system in two pouched paramphistomes 129
Parasites
Bionomics of hill-stream cyprinids. I. Food, parasites and length-weight relationship of *Labeo dyocheilus* (McClell)* 377
Parasitization index
Bionomics of hill-stream cyprinids. I. Food, parasites and length weight relationship of *Labeo dyocheilus* (McClell)* 377
Parental manipulation
Evolution of insect sociality—A review of some attempts to test modern theories 309
Penetrocephalus
Observations on the histology and histochemistry of *Penetrocephalus plerocercoid* (Pseudophyllidea: Cestoda) 11
Pentatomimermis sp
Mermithid nematodes as parasites of *Heliothis* spp. and other crop pests in Andhra Pradesh, India 509
Phagostimulant
Physico-chemical factors in the acridid feeding behaviour (Orthoptera: Acrididae) 283
Phase response curves
The *Drosophila* circadian clock 187

Pheromones
Recent advances in animal behaviour 173
Pheromones in insect control
Role of behavioural studies in the development of management strategies for forest insect pests 341

Photoperiod
Extraretinal photoreception involved in photoperiodic effects on gonadal activity in the Indian murrel, *Channa* (*Ophiocephalus*) *punctatus* (Bloch) 153
Photoreception
Extraretinal photoreception involved in photoperiodic effects on gonadal activity in the Indian murrel, *Channa* (*Ophiocephalus*) *punctatus* (Bloch) 153
Phylogeny
Wing microsculpturing in the Brazilian termite family Serritermitidae (*Serritermes serrifer*, Isoptera) and its bearing on phylogeny 399
Physiological factors
A behavioural assessment of the impact of some environmental and physiological factors on the reproductive potential of *Corcyra cephalonica* (Stainton) (Lepidoptera: Pyralidae) 249
Physiology
Functional morphology of air-breathing fishes: A review 359
Pigeonpea
Investigations on *Heliothis armigera* (Hubner) in Marathwada XXVIII. Key mortality factors in regular and overlapping generations on pigeonpea 463
Piratinae
Ultrastructure of the eggs of Reduviidae: I. Eggs of Piratinae (Insecta-Heteroptera) 533
Pituitary extract
Studies on the induced spawning and larval rearing of a freshwater catfish, *Mystus punctatus* (Jerdon) 389
Plerocercoid
Observations on the histology and histochemistry of *Penetrocephalus plerocercoid* (Pseudophyllidea: Cestoda) 11
Pollutants
Functional morphology of air-breathing fishes: A review 359
Porcellio laevis
Transpiration rates and acclimation to water and temperature of the tropical woodlice, *Porcellionides pruinosus* Brandt and *Porcellio laevis* Latreille 469
Porcellionides pruinosus
Transpiration rates and acclimation to water and temperature of the tropical woodlice, *Porcellionides pruinosus* Brandt and *Porcellio laevis* Latreille 469
Post embryonic development
Behavioural responses in terms of feeding and reproduction in some grasshoppers (Orthoptera: Insecta) 443
Post-larval development
Larval and post-larval development of *Spodoptera litura* (Fabricius) on some host plants 49
Prostate glands
Male reproductive system of some digenetic trematodes 145
Protein
Endocrine influence on protein synthesis in the fatbodies of female red cotton bug, *Dysdercus cingulatus* Fabr 1
Some biochemical changes in the reproductive cycle of a hill stream teleost *Puntius chilinoides* (McClelland) 67
Electrical stimulation—Effects on the protein in the ventral nerve cord of cockroach, *Periplaneta americana* 407
Prothoracic glands
Development, endocrine organs and moulting in the embryos of *Dysdercus cingulatus* Fabr (Heteroptera: Pyrrhocoridae) 489
Puntius amphibius
Fecundity of the allochthonous feeder, *Rasbora daniconius* (Ham.) and of the autochthonous feeder, *Puntius amphibius* (Val.) 481

Quantitative ethology
Evolution of insect sociality—A review of some attempts to test modern theories 309
Quantitative food utilization
Behavioural responses in terms of feeding and reproduction in some grass hoppers (Orthoptera: Insecta) 443

Rana malabarica
Influence of distillery effluent on growth and metamorphosis of *Rana malabarica* (Bibron) 111
Raphidopalpa foveicollis
Host selection and food utilization of the red pumpkin beetle, *Raphidopalpa foveicollis* (Lucas) (Chrysomelidae: Coleoptera) 547
Rasbora daniconius
Fecundity of the allochthonous feeder, *Rasbora daniconius* (Ham.) and of the autochthonous feeder, *Puntius amphibius* (Val.) 481
Reduviidae
Ultrastructure of the eggs of Reduviidae: I. Eggs of Piratinae (Insecta-Heteroptera) 533
Reduviids
Feeding and ovipositional behaviour in some reduviids (Insecta-Heteroptera) 239

Reproduction
Laboratory culture of *Diaphanosoma senegal* Gauthier, (Crustacea, Cladocera) from south India 87
Behavioural analysis of feeding and reproduction in haematophagous insects 225
Reproductive investment in insects
Recent advances in animal behaviour 173
Reptiles
Recent advances in animal behaviour 173
Rhythm
Hormonal rhythm and behavioural trends in insects 207
Rice moth
A behavioural assessment of the impact of some environmental and physiological factors on the reproductive potential of *Corcyra cephalonica* (Stainton) (Lepidoptera: Pyralidae) 249
Rice varieties
Mechanism of resistance in rice varieties showing differential reaction to brown planthopper 37
Riverine ecosystems
Bionomics of hill-stream cyprinids. I. Food, parasites and length-weight relationship of *Labeo dyocheilus* (McClell)* 377
RNA
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413
Rodents
Bait preferences of rodents in their natural habitat 117

Sceliphron violaceum
Behavioural energetics of some insects 219
Scent marking
Recent advances in animal behaviour 173
Schooling and alarm responses
Recent advances in animal behaviour 173
Second generation anticoagulants
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Secretions of specialised skin glands
Recent advances in animal behaviour 173
Secretory activity
Development, endocrine organs and moulting in the embryos of *Dysdercus cingulatus* Fabr (Heteroptera: Pyrrhocoridae) 489
Sensilla
Physico-chemical factors in the acridid feeding behaviour (Orthoptera: Acrididae) 283
Sensillae
Behavioural responses in terms of feeding and reproduction in some grasshoppers (Orthoptera: Insecta) 443
Serritermes serrifer
Wing microsculpturing in the Brazilian termite family Serritermitidae (*Serritermes serrifer*, Isoptera) and its bearing on phylogeny 399
Serritermitidae
Wing microsculpturing in the Brazilian termite family Serritermitidae (*Serritermes serrifer*, Isoptera) and its bearing on phylogeny 399
Sex-investment ratios
Evolution of insect sociality—A review of some attempts to test modern theories 309
Sex pheromones
Application of sex pheromones in sugarcane pest management 333
Sexual selection
Tradeoffs in the evolution of frog calls 623
Sigmoid growth rate
Behavioural response (feeding preference and dispersal posture) of *Aphis gossypii* Glover on brinjal crop 295
Silk gland
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413
Slender loris
Effect of castration and androgen treatment on the androgen dependent parameters in the accessory glands of the slender loris, *Loris tardigradus lydekkerianus* (Cabra) 427
Social animals
Kin recognition in animals—a review of recent findings and a consideration of their relevance for the theory of kin selection 587
Social insects
Hormones in insect behaviour 197
Evolution of insect sociality—A review of some attempts to test modern theories 309
Social postures in mice
Recent advances in animal behaviour 173
Social stress
Biochemical correlates of agonistic behaviour in *Bandicota bengalensis*: Hepatic cholesterol and ascorbic acid 123
Spawning
Studies on mating, spawning and development of egg in *Macrobrachium nobilii* (Henderson and Mathai) 421
S-phenetyl formamidino 4 (N-ethyl isothioamide) morpholine dihydrochloride
Effect of two graded doses of x-irradiation on the rat adrenal gland and its protection by S-phenetyl formamidino 4 (N-ethyl isothioamide) morpholine dihydrochloride 523
Spodoptera litura
Larval and post-larval development of *Spodoptera litura* (Fabricius) on some host plants 49

Starvation
Effect of starvation on acid phosphatase activity in *Gastrothylax crumenifer* 21
Starvation effects
Effects of starvation on respiration and major nutrient stores of the prosobranch snail *Bellamya bengalensis* (Lamarck) 99
Style dissolution
pH and dissolution of crystalline style in some bivalve molluscs of Porto Novo coastal waters 383
Sugarcane
Application of sex pheromones in sugarcane pest management 333
Sugars
Some biochemical changes in the reproductive cycle of hill stream teleost *Puntius chilinoides* (McClelland) 67
Superparasitism
An analysis of the superparasitic behaviour and host discrimination of chalcid wasps (Hymenoptera: Chalcidoidea) 325
Susceptibility
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Swarming
Behavioural strategies of emergence, swarming, mating and oviposition in mayflies 351
Synchronization
Communication and synchronization of circadian rhythms in insectivorous bats 655
Temperature
Transpiration rates and acclimation to water and temperature of the tropical woodlice, *Porcellionides pruinosus* Brandt and *Porcellio laevis* Latreille 469
Termites
Wing microsculpturing in the termite genus *Amitermes* (Termitidae, Amitermitinae) 517
Thoracic ganglion
Seasonal variations and the role of neurosecretory hormones on the androgenic gland of the prawn *Macrobrachium lamerrii* 503
Tissue metabolism
Effect of hypoxia on tissue metabolism of midgut gland of the scorpion *Heterometrus fulvipes* 139
Total protein
Studies on the silk gland of *Bombyx mori*: A comparative analysis during fifth instar development 413
Transpiration
Transpiration rates and acclimation to water and temperature of the tropical woodlice, *Porcellionides pruinosus* Brandt and *Porcellio laevis* Latreille 469
Trematoda
Topography of nervous system in two pouched paramphistomes 129
Trematodes
Male reproductive system of some digenetic trematodes 145
Trophic and reproductive behaviour
Behavioural analysis of feeding and breeding in Orthopteran insects 265
Trypanoplasma
Four new species of trypanoplasms from the fresh water fishes of the genus *Mystus* in Maharashtra 25

Ultrasonics
Communications and synchronization of circadian rhythms in insectivorous bats 655

Varietal resistance
Mechanism of resistance in rice varieties showing differential reaction to brown planthopper 37
Ventral nerve cord
Electrical stimulation—Effects on the protein in the ventral nerve cord of cockroach, *Periplaneta americana* 407
Vertebrates
Recent advances in animal behaviour 173
Visual and vocal signals
Recent advances in animal behaviour 173
Vocalisation in birds and mammals
Recent advances in animal behaviour 173
Vocalization
Tradeoffs in the evolution of frog calls 623

Walking low-energy foragers
Behavioural energetics of some insects 219
Warfarin
Laboratory evaluation of anticoagulant treated baits against Indian field mouse, *Mus booduga* Gray 93
Wheat
Bait preferences of rodents in their natural habitat 117
Wing microsculpturing
Wing microsculpturing in the Brazilian termite family Serritermitidae (*Serritermes serrifer*, Isoptera) and its bearing on phylogeny 399
Wing microsculpturing in the termite genus *Amitermes* (Termitidae, Amitermitinae) 517

X-rays
Effect of two graded doses of x-irradiation on the rat adrenal gland and its protection by S-phenetyl formamidino 4(N-ethyl isothioamide) morpholine dihydrochloride 523
